Berlevåg municipality

On September 23rd 2004 Berlevåg local council passed the following :

The local authority is considering oil and gas activity as an important additional industry in the future for the municipality. Focus will especially be on safety, supply, and waste handling.

Berlevåg municipality

Berlevåg municipality's position (halfway between Murmansk and Hammerfest) and proximity to the oil production and transportation is advantageous for;

Berlevåg municipality

- **State of readiness and rescue**
- **Health, Environment and Safety**
- **Landing and waste handling**
- **Supply**
- **Communication**

Berlevåg municipality

We look forward to learn about both positive and negative experiences regarding oil and gas activities from the other participants during this conference
